The Rangers Charity Foundation is delighted to bring you these workbooks, bursting with activities to help keep children's minds active in a fun way, whilst we are all staying at home and staying safe.

# 1. Player Research

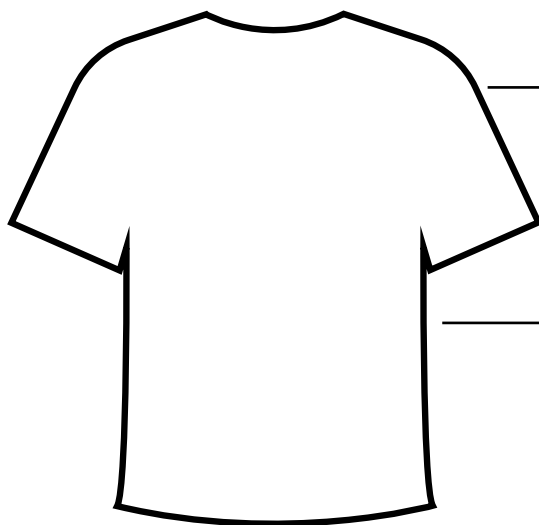

Print me out or mark me up on your device, if you can. Or email [rangerscharity@rangers.co.uk](mailto:rangerscharity@rangers.co.uk) and we'll post you a copy!

The first task this week will require you to do some research. You need to pick one player from the Rangers FC men's team and one player from the women's team.

After you have picked your players, you must provide some details about the players and highlight some key facts. This could include facts like the player's age and date of birth. Where were they born? How many clubs and who have they played for? What position do they play? What have they achieved in their career? What is their style of play?

You can write this as two paragraphs in the boxes below. Alternatively, you can use bullet points to note your facts. A full list of both team's players can be found on the club's website.
